Cricket is a game that owes much of its unique appeal to the fact that it should be played not only within its Laws but also within the Spirit of the Game. 2. Fair and Unfair Play

4. The Spirit of the Game involves RESPECT for:

Your opponents; your own Captain and Team; The Role of the Umpires; the game's traditional values.

5. It is against the Spirit of the Game:

To dispute an Umpire's decision by word, action or gesture. To direct abusive language towards an opponent or Umpire. To indulge in cheating or any sharp practice, for instance:

- (a) to Appeal knowing that the batsman is not out.
- (b) to advance towards an Umpire in an aggressive manner when appealing.
- (c) to seek or distract an opponent either verbally or by harassment with persistent clapping or unnecessary noise under the guise of enthusiasm and motivation of one's own side.

Captains and Umpires together set the tone for the conduct of a Cricket match. Every player is expected to make an important contribution to this.

- f. Subject to Appendix B Rule 5, all matches must be played on Saturdays unless in exceptional circumstances the Management Committee directs otherwise but in any event before 1st September in that year.
- g. The champion Club in each division each season will be the Club that scores the highest number of points in that season after deducting points as a consequence of penalties imposed on the Club during that season, provided that in any Division where the number of matches played is unequal either because of the number of teams in the Division at the start of the season or because of withdrawals during the season, average points will determine the final order. In that event, cancelled and abandoned matches and points awarded for them (including bonus points) will be ignored. The tie break provisions in rule 3h shall not apply except for net run rate.
- h. When more than one Club in a division scores the same number of points the following, in order, shall determine which Club has the higher position: the Club winning the greater number of matches; or, if they are still equal, the Club losing the fewer number of matches;

or, if they are still equal, the Club winning the greater number of bonus points; or, if they are still equal, the Club with the higher Net Run Rate, or, if they are still equal they shall be considered to have finished in an equal position in their division unless an issue of promotion or relegation arises, in which event the Management Committee will arrange a play off, such play offs being the only matches that may be played after 31st August in any year.

- i. Any Club may upon giving notice before the Annual General Meeting request the Management Committee to admit further teams from that Club to the league in the following season. Any such team or teams shall be placed in the lowest division of the league. Clubs newly admitted to the league will have their team, or teams if more than one, placed in the lowest Division of the league.  
Clubs may, upon giving notice before 31<sup>st</sup> December, withdraw any of their teams from the League for the season next following.  
There shall be promotion and relegation in accordance with rule 3(b).
  - j. The champion Club in each division will be presented with the trophy for the relevant division together with a sum of money to assist in the purchase of mementoes for the Club's players. Other trophies may be presented for individual performances by players.
    - i. All trophies presented as above may be retained by the relevant Club provided that the Club (in writing and signed by an appropriate official of the Club) accepts full responsibility for the trophies whilst in its possession, or in the possession of its players and indemnifies the Association against any loss or damage and undertakes to return it or them to the Secretary on or before 31st July of the following season.
    - ii. Failure to return a trophy in accordance with the undertaking referred to in the previous paragraph will be dealt with as the Management Committee thinks fit.
    - iii. Winning clubs who fail to send a representative to the Annual Dinner will not be entitled to receive a sum of money for the purchase of mementoes. A player who has won a divisional award will not be entitled to receive it if he or a representative of his club does not attend the Annual Dinner to receive it.
4. Matches in Divisions 1, 2 and 3 shall be played in accordance with the rules set out in Appendix A. Matches in Divisions 4 and below shall be played in accordance with the rules set out in Appendix B. Matches in the Cup and the Intermediate Cup shall be played in accordance with the rules set out in Appendix C.
5. No player who has played in any of their club's league teams on a Saturday is eligible to play in any other of their club's league teams on the Sunday immediately following. This rule does not apply to players who were U17 on the preceding 1<sup>st</sup> September.
6. Results
- a. The Management Committee will prescribe from time to time the manner in which results and other match information must be reported to the Association and the deadline for submitting such reports. Failure to submit any report in the prescribed manner and by the deadline will incur:-
    - i. On the first two occasions in any season, a £5 fine

- ii. On the next two occasions, a £10 fine
    - iii. On the next two occasions, a £10 fine and a deduction of one point for the offending team.
    - iv. On the next two occasions, a £10 fine and a deduction of two points for the offending team, and so on.
    - v. These penalties are cumulative across all of a clubs teams in the Association.
  - b. Each team shall appoint its own scorer.
  - c. In any match in which league umpires officiate, each Captain must submit an umpires marking report.
  - d. It is the duty of both umpires to agree the respective scores at the end of each innings with the scorers. The umpires must submit reports on the two teams and their captains and the pitch and any disciplinary reports and are responsible for checking the result reported by the home club.
  - e. For each match the home club shall enter the scorecard on the Play-Cricket website by 6.00pm on the Monday following the match and the away club shall check it by 6.00pm on the Wednesday following the match.
7. Captains of Clubs failing to bowl their overs by the prescribed time must, if there are considered to be extenuating circumstances, submit a report to the Association in the manner and by the deadline from time to time prescribed by the management committee. Reports not submitted by the deadline will be disregarded.
8. In the event of a Club, without reasons acceptable to the Management Committee, failing to bowl their overs within the appropriate time points shall be deducted as follows:
- a. First & Second overs - one point each.
  - b. Third & Fourth overs - two points each.
  - c. Fifth & Sixth overs - three points each and so on.
9. Any Club failing to fulfil a League engagement in any Division shall have points deducted equivalent to the maximum points for a win in their respective divisions and be fined £60 to be paid to the Association Treasurer by the date of the next Management Committee meeting after the fine has been imposed. If the offending club is the away side, the Treasurer will forward the £60 to the home club. If the offending club is the home side, the Treasurer will reimburse travelling costs to the away club, upon appeal to the Management Committee. In either case the non-offending club will be awarded the maximum number of points available. The Club breaking the engagement shall be liable to expulsion from the Association. At the discretion of the Management Committee Paragraph 9 of the Constitution shall then apply.
10. In the event of any Club disbanding or being disqualified from taking part in the competition, all matches such Club has played, no matter what the result has been, shall be considered void, and all matches such Club is engaged in shall be considered void, as League matches.

**NB: These times do not include time for tea or the interval between innings and appropriate allowances must be made**

**APPENDIX A**  
**MATCH RULES DIVISIONS 1 – 3**

1. Starting Times.
  - a. Unless both teams agree otherwise, the scheduled hours of play shall be 1.00pm until 7.20pm. There shall be one interval of thirty minutes duration between innings, during which tea may be taken. If, because of interruption, tea has already been taken, the interval shall be ten minutes.
  - b. Matches may start at any time between 12.30pm and 1.30pm by agreement between the respective clubs provided that in the absence of agreement otherwise by 6.00pm on the Thursday preceding the match, the default start time of 1.00 pm shall apply. Such agreement shall be notified to the Honorary Assistant Secretary by e-mail by 6.00pm on the Thursday preceding the relevant match day and shall not thereafter be varied. In default of such agreement and notification, the hours of play shall be those specified in paragraph (a) above. Failure to comply with all the requirements of this rule will render the match null and void and no points will be awarded to either side.
  - c. The scheduled finishing time for a match shall be 6 hours 20 minutes after the agreed starting time.
2. A match shall not start until both sides have seven or more players present and ready to play. A team not having 7 or more players present 15 minutes prior to the scheduled start of the match shall be deemed to have lost the toss.
3. If either club is not ready to commence at the time appointed in Rule 1, such club or clubs shall be liable to a fine of not less than £10.
4. A player (even if nominated on the Team Sheet) who fails to appear until after the first innings has been completed (whatever the duration of that innings) shall not be permitted to take part in the match other than to field.
5. The following restriction relating to the placement of fielders shall apply.
  - a. **In Division One only**
    - i. There will be a fielding 'circle' defined by two semi-circles of 30 yards radius centred on each middle stump and joined by a parallel line on each side of the pitch. The fielding 'circle' should be marked by white discs at a minimum of 5 yard intervals.
    - ii. Fielders must be in a position according to the limitations imposed below at the instant of delivery. In the event of an infringement the umpire shall call 'no ball' at the instant of delivery.
    - iii. In the first 10 overs of an innings only two fielders may be positioned outside the fielding 'circle'.
    - iv. In the last 10 overs of an innings only five fielders may be positioned outside the fielding 'circle'.
    - v. Otherwise only four fielders may be positioned outside the fielding 'circle'.

The table below gives the fielding limitations in reduced overs matches.

**b. In Divisions 2 and 3**

At the instant of delivery, a minimum of four fielders (plus the bowler and the wicketkeeper) must be within an area bounded by two semi-circles centred on each middle stump, each with a radius of 30 yards, and joined by a parallel line on each side of the pitch. In the event of an infringement, the umpire at the striker's end shall call and signal 'No Ball'.

6.

a. Except as otherwise provided, each match shall comprise 50 overs per side with no transfer of unused overs. The team batting first is Team A and the Team batting second is Team B. Team A may declare its innings closed at any time and if it does so will be deemed to be all out for the purposes of bonus points. For the purposes of DLS, Team A will be considered to have used the full allocation of overs available to it at the time of declaration. A freak declaration with the deliberate intention of losing a match and/or limiting the number of points which can be won by Team B, will be dealt with by the Management Committee as it sees fit.

b. If any match is interrupted after it has started such that the number of overs available to be faced by either side is reduced from that determined when the match started, the revised target shall be computed using the Duckworth-Lewis- Stern method (DLS) in accordance with instructions issued from time to time by the Management Committee.

7. No bowler may bowl more than 10 overs. In a delayed start, or interrupted match where the overs are reduced no bowler may bowl more than one-fifth of the total overs allowed (unless such a number has been exceeded before the interruption), except that where the total overs are not divisible by five, an additional over shall be allowed to the minimum number of bowlers necessary to make up the balance.

**8. In Division One only – No Ball and Free Hit**

a. If a bowler bowls a 'no ball' then the next ball will be a 'free hit'.

- b. A batter shall not be dismissed by a 'free hit' unless they would have been dismissed by a 'no ball'.
- c. Runs scored off a 'free hit' are scored as if off a normal delivery.
- d. If the delivery of a 'free hit' is not a legitimate delivery (e.g., no ball or wide) then the next delivery shall become the 'free hit' for whichever batter is facing.
- e. Field changes are not permitted unless there is a change of striker or it is to correct a field restriction breach.
- f. Fielders who were within 15 yards of the striker for the 'no ball' delivery may move back along the same line to be no more than 15 yards from the striker.

9. Wides

- a. **Leg side Wides** - In addition to applying Law 22, umpires shall call a ball wide if it passes both outside the batsman and outside the line of leg stump.
- b. **Off side Wides** – An additional line parallel to the return crease and running between the bowling crease and the popping crease shall be marked with its inside edge 17 inches from the return crease. Any ball passing outside the offside wide line not having previously been in contact with the batter, their bat, or their clothing shall be called wide if, in the opinion of the umpire, the batter is unable to play a normal cricket stroke.

- 10. The team scoring the highest number of runs, whether actual or determined by the Duckworth, Lewis, Stern method, will be the winners and awarded 10 points.
- 11. If Team B score the same number of runs as Team A whether actual or determined by the Duckworth, Lewis, Stern method, both teams will be awarded 5 points.
- 12. If no play is possible due to weather or ground conditions, then both teams shall be awarded 4 points.
- 13. Bonus Points will be awarded throughout the innings thus:

Up to 19 Overs	1	2	3	4	5	5	5	5	5	5

- a. Bonus points gained in any match shall stand regardless of the result. This also applies in the case of abandoned games.
  - b. If at the fall of a wicket no further batsman is available to come in, the innings of a team shall be deemed to be complete and their opponents will be awarded 5 bowling points.
  - c. If Team B win the match they shall be awarded 1 additional batting point for every two wickets in hand, provided that the maximum total award of batting points shall be 5.
14. There shall be one interval of thirty minutes between innings, during which tea will be taken. If, because of rain, tea has already been taken, the interval will be ten minutes.
  15. Unless an innings closes earlier, Team A and Team B must bowl their allocation of fifty overs within a period of two hours fifty-five minutes, or the appropriate number of overs in the stipulated time in a curtailed match. If they fail to do so, the umpires must note the number of overs which they are short and allow the innings to proceed to its conclusion.  
In computing the time taken, umpires will take into account interruptions caused by injury, lost balls, frequent movement of sightscreens and other unavoidable delays.  
Under Law 11 of the Laws of Cricket, drinks breaks are now official intervals and do not count as playing time.
  16. In the event of a delayed start or an interruption in play, the number of overs shall be re-arranged by reference to the scheduled finishing time. The timing and duration of all suspensions of play (including all intervals) or delays during the match will be taken into account when calculating the length of time available for either innings.
    - a. If the amount of time lost before the start of play results in the match being reduced to one of fewer than 30 overs per side, then the match shall not be allowed to commence.

- b. The object shall always be to rearrange the number of overs so that, if possible, both teams have the opportunity of batting for the same number of overs. The calculation of the number of overs to be bowled shall be based on a rate of one over every 3½ minutes in the total time available for play up to the scheduled finishing time. (See Reduced Overs Table).
  - c. If a reduction in the number of overs is required, any recalculation must not cause the match to be rescheduled to finish earlier than the scheduled finishing time.
  - d. If owing to a delayed start to the second innings or a suspension of play during the second innings, there is insufficient time for Team B to receive at least 20 overs, the match shall be abandoned. If a match is abandoned before it had been played to a conclusion and before the team batting second has received its allocated number of overs then, providing that it has received not less than 20 overs, the result shall be decided using DLS as the Management Committee shall from time to time direct.
  - e. If a match is abandoned, each team will be awarded 4 points plus bonus points by reference to the number of overs actually received or bowled, as the case may be.
  - f. If Team A fail to bowl the required number of overs by the scheduled finishing time, the hours of play shall be extended until the overs have been bowled or a result achieved.
  - g. Team B shall not bat for a greater number of overs than Team A unless the latter have been all out in less than the agreed number of overs.
  - h. Fractions are to be ignored in all calculations regarding the number of overs.
17. In the case of bad weather, the umpires shall decide as to the fitness of the ground before commencement of a league match. They shall also be the sole arbiters on all aspects of play throughout the duration of the match and of bad light. If a substitute umpire has to be used umpires rule 1(f) is to be implemented.
18. Complete covering of the pitch shall be allowed during every league match, should bad weather so demand.
19. Should the unfit state of the ground preclude any chance of play, the match may be abandoned by mutual consent provided that it is not before 9.00am or after 10.30am on the day of the match and that consent has been obtained from the appointed match day contact or other club officer named on the league web site at [www.swca2.com](http://www.swca2.com). Only after such consent has been given should the home team inform the umpires. An away club who insist on travelling when a home club wishes to call off a match due to bad weather must pay ALL the umpire costs if no play is possible. In matches where no umpires have been appointed, a home side which fails to notify the away side appointed match day contact 2 hours before the agreed start time of issues with the fitness of the ground, shall be liable to pay the visiting team the sum of £50.

**APPENDIX B**  
**MATCH RULES DIVISION 4 AND BELOW**

1. Unless both teams agree otherwise, the scheduled hours of play shall be 1.00 pm until 6:10 pm. There shall be one interval of thirty minutes duration between innings, during which tea may be taken. If, because of rain, tea has already been taken, the interval shall be ten minutes.
2. Clubs may play on an artificial pitch provided that the ground to be used does not have any grass pitches. The artificial pitch and the ground must both be approved by the grounds Sub-Committee at least every two years.
3. A match shall not start until both sides have seven or more players present and ready to play. A team not having 7 or more players present fifteen minutes prior to the scheduled start of the match shall be deemed to have lost the toss. If either club is not ready to commence at the time appointed in Rule 5, such club or clubs shall be liable to a fine of not less than £10.
4. A player (even if nominated on the Team Sheet) who fails to appear until after the first innings has been completed (whatever the duration of that innings) shall not be permitted to take part in the match other than to field.
5. Change of Match Day and/or Start Time.
  - a. Matches may be played on Sunday by prior agreement between the respective clubs, provided that such agreement is reached and notified to the Honorary Assistant Secretary by e-mail by 6.00pm on the Thursday preceding the relevant match day. In default of such agreement and notification, matches must be played on the scheduled Saturday. Failure to comply with all the requirements of this rule will render the match null and void and no points will be awarded to either side.
  - b. Matches may start at any time between 12.30 pm and 2.00 pm by agreement between the respective clubs provided that in the absence of agreement otherwise by 6pm on the day preceding the match, the default start time of 1.00 pm shall apply. If the teams agree that the start time is varied agreement must also be reached as to the absolute finishing time of the match which can be no later than 7.10 pm.
6. All matches will consist of one innings per side. Each innings shall be limited to 40 six-ball overs subject as below. Unused overs are not transferred to Team B. Team A may declare its innings closed at any time and if it does so will be deemed to be all out for the purposes of bonus points. For the purposes of run rate calculations, Team A will be considered to have used the full allocation of overs available to it at the time of declaration. A freak declaration with the deliberate intention of losing a match and/or limiting the number of points which can be won by Team B, will be dealt with by the Management Committee as it sees fit.
7. No bowler may bowl more than 8 overs. In a delayed start, or interrupted, match where the overs are reduced no bowler may bowl more than one-fifth of the total overs allowed (unless such a number has been exceeded before the interruption), except that where the total overs are not divisible by five, an additional over shall be allowed to the minimum number of bowlers necessary to make up the balance.
8. A result can be achieved only if both teams have had the opportunity of batting for at least 15 overs, unless one team has been all out in fewer than 15 overs or the team batting second scores enough runs to win in fewer than 15 overs. All matches in which a match has begun but both teams

have not had the opportunity of batting for a minimum of 15 overs shall (subject to the provisions of this paragraph) be declared 'Abandoned'.

9. Rearrangement of the number of overs may be necessary due to a delayed start or one or more interruptions in play as a result of adverse ground, weather or light conditions or any other reason.
  - a. The timing and duration of all suspensions of play (including all intervals) or delays during the match will be taken into account when calculating the length of time available for either innings.
  - b. The object shall always be to re-arrange the number of overs so that, if possible, both teams have the opportunity of batting for the same number of overs.
  - c. For the purpose of calculation, 3½ minutes is allowed for each over.
10. Where the maximum number of overs available to both sides remains unaltered once play has commenced, the team scoring the higher number of runs shall be the winner. If the scores are equal, the result shall be a Tie and no account shall be taken of the number of wickets which have fallen.
11. If the team batting second has not had the opportunity to complete the agreed number of overs, and has neither been all out, nor has passed its opponent's score, the following shall apply:
  - a. If the match is abandoned before the Close of Play, the result shall be decided on the average run-rate throughout the innings.
  - b. If, due to suspension of play, the number of overs in the innings of the side batting second has to be revised, their target score shall be calculated by multiplying the reduced number of overs by the average runs per over scored by the side batting first. If the target involves a fraction of a run, the final scores cannot be equal and the result cannot be a tie.
  - c. In the event of the team batting first being all out in fewer than their full quota of overs the calculation of their average run rate shall be based on the full quota of overs to which they would have been entitled and not on the number of overs in which they were dismissed.
12. A team's average run rate is calculated by dividing the number of runs scored in its innings by the number of legitimate balls received during that innings. In the case of the team batting first being dismissed in fewer than the number of overs allocated for their innings, the calculation will be based on the number of balls that the team was scheduled to receive and not on the number actually received. In the case of the team batting second being unable to receive their allocated overs, the calculation of their average run rate will be based on the actual number of legitimate deliveries received by them during their innings. The average run rate can be calculated to any number of decimal positions and a tie can only be achieved if the average run rates are identical.
13. Points shall be awarded as follows;
  - a. To the winning side, 10 points for the win. If the scores finish level, 5 points each, whether or not the team batting second is all out.
  - b. To both sides, batting and bowling points in accordance with the tables annexed to the rules based on the number of overs actually available in the innings in question.

- c. In the event of an abandoned match, 4 points each. In an abandoned game, batting and bowling points earned before the abandonment shall be awarded to each side.
  - d. In the event of a cancelled match, 4 points each.
14. Should the unfit state of the ground preclude any chance of play, the match may be abandoned by mutual consent on the day of the match provided that consent has been obtained from the appointed match day contact or other club officer named on the league's website at [www.swca2.com](http://www.swca2.com). In matches where no umpires have been appointed, a home side which fails to notify the away side's appointed match day contact two hours before the agreed start time of issues with the fitness of the ground, shall be liable to pay the visiting team the sum of £50.

## **Appendix C**

### **Cup and Intermediate Cup Match Rules**

1. The Association shall organise two knockout competitions. Member clubs of the Association shall be eligible to enter the Cup. Clubs with teams in Divisions 3 and below shall be eligible to enter those teams in the Intermediate Cup. Clubs may enter more than one team. No player shall be permitted to play for more than one of his Club's Cup or Intermediate Cup teams in any season.
2. The highest placed Association team in the Cup in any Season shall be entered in the succeeding season's ECB T20 Plate Competition. In the event of teams finishing equal (e.g. losing semi-finalists) the Management Committee will arrange play-off(s) to determine which team should be entered on behalf of the Association.
3. Except during the months of April and May, all players must have played in at least four League matches for the club during the current season, or the season immediately prior to the current season. They must be registered members of the club.
4. No player may play for more than one club in either competition in any one season and no player may play for more than one of his club's teams in any season.
5. Only players eligible under Eligibility Rule 1 will be allowed to play. Clubs are responsible for ensuring that all players participating in either competition are eligible to play.
6. Matches will normally be played on Sundays. The default start time for matches played on a Sunday is 1pm.
7. Clubs shall advise the Hon. Secretary by the 31<sup>st</sup> January if they are entering either Competition that coming season. The Quarter Finals and subsequent rounds shall be by open draw. The Management Committee shall determine the format of earlier rounds having regard to the number and location of the clubs which have entered either Competition in any season. The finals shall be played at a venue to be determined by the Management Committee.
8. As soon as the draw for either Competition has been made, the Secretary will arrange to send to Clubs details of the draw, together with the 'Nominated Sundays' and the 'latest date by' on which matches in the various rounds should be played.
9. The 'Nominated Sundays' are preferred but both clubs may agree to play under the same match rules on another day. If there is no play on the agreed day, or if the match is abandoned before being completed, the venue is reversed for each subsequent attempt to play the match unless the Clubs otherwise agree.
10. If bad weather prevents play on the Nominated Sunday, then Clubs may agree to play the match on any day up to and including the Friday before the Nominated Sunday for the next round. The side hosting the attempt to play the match must offer at least two dates during the permitted period and the Away side must choose one of these dates. In default, the Away side will be deemed to have conceded the match.
11. If bad weather prevents a match from being played, then the tie may be decided as set out in Cup Rule 24.

12. The Association is entirely responsible for the organisation and administration of both competitions.
  - a. In the event of any dispute arising during and affecting the course of either competition, clubs must contact the Secretary and/or Chairman, by telephone, within 1 day of the dispute, confirming the protest in writing within 3 days and also sending a copy of the protest to any other club involved within 3 days.
  - b. Following any response from the other club, the Secretary will refer the matter to the Emergency Committee of the Management Committee who will come to a decision which shall be binding on participating clubs.
13. The Association will endeavour to arrange Umpires for each match. The Umpires' fees shall be such sum as the Management Committee shall from time to time determine and shall be shared equally between the two Clubs, except the finals when the Association will pay the fees.
14. Except for the finals when the Association will provide a new ball for each innings the Home team must provide 2 balls in good condition although not necessarily new and the visiting Captain shall choose which ball his team shall use to bowl. Only official SWCA stamped balls as approved by the Management Committee are to be used.
15. No player of any age who has played in more than three of their clubs Premier League or Association 1<sup>st</sup> or 2<sup>nd</sup> Division teams in the current season is eligible to play in the Intermediate Cup.
16. Both the Cup and Intermediate Cup shall be played under the current edition of the ECB generic 20 overs per side playing conditions with the following amendments: -
  - a. A match shall consist of one innings per side, limited to a maximum of 20 overs. Teams may, by agreement prior to the start of play, agree to play a match limited to fewer than 20 overs, provided that the minimum length of an innings is 10 overs.
  - b. If, because of delay or interruption, either side has fewer than 10 overs available to it, the match is treated as abandoned and must be replayed.
17. When, because of bad weather, it is impossible to play a match on the last scheduled day, then the match may be decided by a Bowling/Fielding competition, thus:
  - a. Bowling: Five bowlers shall each bowl one fair delivery over-arm at the wickets pitched normally as for a match with no batsman in front of them. For every ball which first pitches and then hits the wickets, two points shall be scored, but only one point if the stumps are hit by a 'full toss'.
  - b. Fielding: The other five players and the wicketkeeper shall take part in the fielding competition. From directly behind the wickets (in the long-stop position), a marker shall be set 50 yards or so from the stumps. In turn, five fielders shall throw a ball from behind this marker to the wicket-keeper standing at the wicket, who may not ground any part of his person outside the rectangle enclosed by the popping crease, bowling crease, and the forward extensions of the return creases. Two points shall be scored for every ball which is caught by the wicket-keeper full pitch and one point if it is caught by him after bouncing

once only.

- c. The winning side shall be the one which scored the highest total aggregate of points in the two events. In the event of a tie, the competition shall continue by means of a “sudden death” bowl out. The bowlers from each team who previously bowled shall each bowl again alternately in the same order, one ball each, until a result is achieved.
- d. The umpires appointed for the match shall supervise the running of the competition.

As an alternative to the Bowling and Fielding competition, clubs may mutually agree to toss a coin for the right to proceed to the next round of the Cup Competition.

- 18. The provisions of League Match Rules 5(a) and 5(e) shall apply to the reporting of Cup results.
- 19. Any Club failing to fulfil a Cup or Intermediate Cup fixture shall be fined £60 to be paid to the Association Treasurer by the date of the next Management Committee meeting after the fine has been imposed and will be suspended from participation in either competition for the following season. If the offending club is the away side, the Treasurer will forward the £60 to the home club. If the offending club is the home side, the Treasurer will reimburse travelling costs to the away club, upon appeal to the Management Committee.
